Station Madras, Dated the 27th April 1940.

From (Name) Dewan Bahadur Dr. B. Sundara Raj, M.A., Ph.D;

(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,

Development Department.

Sir,

Ref: - Para 4 of G.O.No. Js. 556 Dev., dated 6th -
March 1940.

I forward herewith copy of another petition dated 8.4.1940 from the villagers of Yermal, South Kanara District, praying for the taking over by this Department of the school opened by them in their village.

2. Proposals for taking over the school were submitted to Government in para 2(3) of my letter No. 2411-C/38-5 dated 18.8.1939. The District Educational Officer, South Kanara, agreed to the proposal. But, the Government in their orders quoted above, deferred the same.

3. In view of the present petition from the villagers that if the school is not taken over they will be forced to close the school, I resubmit the proposal for ~~the~~ favourable consideration.

I have the honour to be,
Sir,
Your most obedient servant,

B. S. M. A. K.
Director of Fisheries.

Copy of Petition dated 8.4.1940 from the Villagers of Yermal, South Kanara to the Director of Fisheries, Madras through the Inspector of Fisheries, Mangalore.

We beg to state that as per Government Order, to send full information as to the number of school-going ^{- age} children in our village, we have submitted, on the 26th September 1939, a list of such children through the Inspector of Fisheries, Mangalore. We have not yet received any information, in this connection.

Now, we hear that two new schools - one at Udiyavar in Udupi Taluk and the other in Kasargod Taluk - will be opened by the Department in June, next. We are much anxious to hear about our school. We further hear that there is no proper building at present for the school accommodation at Udiyavar. We have no reason to think why Government make delay in taking over our school.

In the hope of educating the poor fishermen children, we, the poor fishermen have constructed a new building by raising loans and have started the school hoping that the kind Fisheries Department which is trying to educate the poor fishermen children, will take over the school immediately. In this hope we had started the school on the 1st July 1938, and at present 110 pupils (all of fishermen community) are studying in the school and 3 teachers have been employed.

We beg to state, Honoured Sir, that being too poor to get our daily bread even, we are unable to conduct the school further. What we have done in the case of education is beyond ~~xxx~~ our reach. We regret very much to bring to your kind notice that we are financially forced to close the school in June next if Fisheries Department refuse to take over the school by that time. The children as well as their parents are much enthusiastic as they hope that the School will be conducted by the Fisheries Department shortly. Well-organised school if once closed, it will be very difficult to get a good strength afterwards.

Therefore, we humbly request you to take over our school by June next and thus help the poor people of the place. For this act of kindness, we, the poor fishermen of the Village shall be much thankful to you.

Hoping to get an early reply.

P.S. Any communication regarding our school may be communicated to the following address:-

Submitted to the Sub Asst. Director of Fisheries, Calicut.

2. In G.O.No.556 Dev., dated 6.3.1940 it has been stated that the question of taking over the Yermal Fishermen school is still under consideration.

3. The fishermen of Yermal have been running this school for the past two years with the hope that the Government would take over the school in the near future. It is a fact that the fishermen of Yermal are not financially able to run the school for any further period. So if the Government are not pleased to take over the management of the school immediately, the school will have to be closed and whence once the school is closed, it will be very difficult to reorganise the school once again if the matter is delayed.

2. The proposal for taking over the management of the school at Yermal has been deferred in G.O.No. Ms. 556 Dev., dated 6th March 1940 communicated with Director's Endt. No. D. Dis.-

(From the D.F. N.O. 1170-440-1827. 4.1
To A.S.)

The Jishenfolk of Yemmal
village in the S. Kamara district
started a school in 1.7.38 with
a view to providing education
facilities for their children. On
petition received from the Jishenmen
Community, the D.F. submitted
proposals in August 1939 for
taking over the management of
this school. It was reported
that there was an aided school
within three furlongs from the
place where the Jishenfolk had
opened their school. Proposals
for opening of Jishenis schools in
places which were already served
by ordinary schools were deferred
as they did not satisfy the
standard of imperative and
immediate necessity prescribed
owing to the emergency created by
the war. It was considered that

~~proposal~~ for the taking over of
the management of the school at
Yemmal was not urgent and that
(might) be deferred until the restoration
of normal times. Orders were ^{issued} accordingly
in para 4 of G.O. No 556 D.W. dt 6.3.40.
The District has now
forwarded a petition from the
villagers concerned stating that
owing to financial considerations
they will have to close the school
in June next if it is not
taken over by the Fisheries Dept.
The proposal should ordinarily
be considered as a Part II Scheme
for 1941-42 even if it is ~~considered~~ ^{thought}
that the standard of imperative
and immediate necessity may
be relaxed in this case. As
noted above, there is already
an aided school in the village
and the proposed closure of the
school started by the fishermen
will not deprive the fisher
children of educational facilities.
It is therefore for consideration
whether the D.F. may be told that
he may renew the proposal as
